

GOUGH WALK 2

MYDDLE, SHROPSHIRE

Gough Walk 2. This leaflet describes Gough Walk 2 in detail. Turn by turn and stile by stile. The walk is all on official Rights of Way or Permissive Paths and has Gough Walk 2 signs and Blue Bridleway signs or Yellow footpath signs for you to follow. Inside this leaflet is a link to a short video showing each stage of the walk.

The Original 6 Gough Walk booklets were produced by a group of 18 people living in the parish in 2000 and are still available just inside St Peter's Church in Myddle. Our thanks to The Myddle, Broughton and Harmer Hill Parish Paths Partnership group for maintaining and marking the local walks. Also thank you to Colin and Jenny Ruck for the production of the videos and updating the directions during COVID –19 Lockdown in 2020.

Detailed description of Gough Walk 2 in 2020.

This is an easy walk about 1.5 miles/ 2.4 Kilometres

Starting in the car park, in the wood opposite Harmer Hill village hall, go through the kissing gate on your right and follow the path through the wood that runs parallel to the main road. This is a permissive path opened by the Hardwicke Estate. After 100 metres you come to a path leading down from the main road. At the end of the walk you will be coming up this path but for now turn left and continue down the path for about 40 metres,

Then turn right up the hill into the wood at the marker post. Continue through the wood parallel to the road. At the end of this stretch go through the hedge on your right onto a layby. Turn left around the corner of the wood just before the first cottage. Follow the path with the sandstone wall on your left until you reach the next gate.

Do not go through the gate but turn right following the low sandstone wall on your left and head towards the telephone tower in the next field. This area was known as the Holloway Hills in Gough's day. The farmer allows people to walk past the tower which will be on your left. From the tower follow the track down hill and enter the wood.

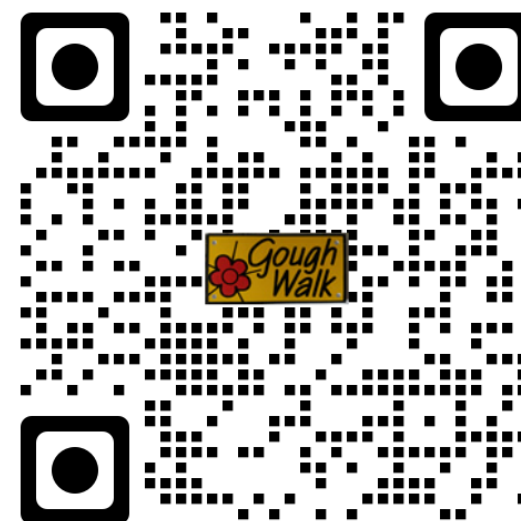

Walk carefully to your left around the head of the quarry and follow the path down. The path comes on to the Lower road near to a sandstone house called the Nest built into the rock.

Turn left and walk along Lower Road for about 1 km until you reach Keeper's Lane on your left. Street lights will tell you that you are getting close to Harmer Hill village. Turn left into Keepers Lane and continue towards Higher road. Turn right on to the track you started your walk on and continue until you reach the metal kissing gate, the carpark and village hall.

This is the end of the walk.

For a short descriptive video showing each stile and track to follow point your smart phone at the QR code or follow
