Gough Walk 6

The Original 6 Gough Walk booklets were produced by a group of 18 people living in the parish in 2000 and are still available just inside St Peter's Church in Myddle. Our thanks to The Myddle, Broughton and Harmer Hill Parish Paths Partnership group for maintaining and marking the local walks. Also thank you to Colin and Jenny Ruck for the production of the videos during COVID-19 Lockdown 2020.

GOUGH WALK 6 MYDDLE, SHROPSHIRE

Gough Walk 6. This leaflet describes Gough Walk 6 in detail. Turn by turn and stile by stile. The walk is all on official Rights of Way and has Gough Walk 6 signs and Blue Bridleway signs or Yellow footpath signs for you to follow. On the back of this leaflet is a link to a short video showing each stage of the walk. Please note parts of the walk can be very wet, especially in winter time.

Detailed description of Gough Walk 6 in 2020.

Start your walk from the Red Lion car park in Myddle, turn right. Walk up the hill until you reach St Peter's church and take the lane on your left just before it.

Just before reaching the farmyard turn left through a metal gate, follow the way markers past the farm machinery and buildings and cross the stile and head down hill to the bridge over Myddle brook, before walking uphill to Lower Road.

Turn right along the Lower Road until you come to the signs for the Quarry. Turn left, as if you were going into it and then immediately right, up a footpath through the woods. Walk until you pass a stile, turn right, follow the footpath behind the communications tower, and across into the next field. Continue along this field and until you reach the stone wall and turn left and go towards the A528.

On reaching the main road turn left, and in about 60 Metres cross the road and go over the stile and follow the footpath across fields to Newton-on-the-Hill looking for the next stile in the corner of the field. At the road, cross over and go along the green lane opposite, follow the path to the Wem Road passing over a bridge on the way. At the road turn left and proceed with care. Walking on the right hand side of the road to face the oncoming traffic

Walk about 200 metres to a slip road, to your left, follow this and when you come to the Clive to Myddle road, cross over and follow the lane down known as the "Salt Road" through Bilmars Hollow. (In winter this can be very wet!) On reaching the Cattery you can take the gate on your right and go directly across the field to the road, turn left and at the T junction turn left again.

After approximately 100 metres look for the footpath through the small wood on your right Follow the way markers continue straight on keeping the hedge on your right, at the first hedge corner head diagonally left towards the open gate way in the corner of the field. Turn right and keeping the hedge on your left continue on until you reach a bridleway gate, go through the gate and follow the bridleway through the Witterage. Pass a cottage and continue up a drive to the next road.

At the end of the Witterage, where you reach a metalled road, turn left and follow the lane to the end. On your way you will see the back of Balderton Hall. At the next T junction turn right and immediately look for a stile on your left. Cross it and go diagonally over the field to a pond, turn right, at the pond towards the main A528,

Cross over the main road with care and go towards the wood, diagonally to your right to a stile (most people go to the nearest point of woodland then follow the headland round to the right). Go over the stile and down a pretty walk through woods to the Lower Road. Turn right, up the hill, turn left on to the bridleway after the second property on your left and follow footpath and road back to the Red Lion.

We hope you enjoyed your 6.5 miles walk.

Myddle, Broughton and Harmer Hill Parish Paths Partnership.
